THE BENEFITS ARE ENDLESS

In 2015, Pinnacle started its own Professional Employer Organization (PEO) called Pinnacle Employee Services (PES). A PEO is principally a payroll, Human Resources, and benefits provider that is a way for businesses to comply with ever increasing and burdensome regulations that are constantly changing. By streamlining these processes, PES is able to provide services not readily available to small businesses ultimately saving them money and time. The perfect union between our Broker-Dealer/RIA and PEO are energized by one another and, as any good team, is unstoppable. They grow organically and provide guidance and opportunities that couldn't happen without each other.

FIRM OVERVIEW

Founded by two financial advisors searching for a better way than their experience at a global wirehouse, Pinnacle Investments has grown to become one of the largest dually registered Broker-Dealers and Registered Investment Advisors in our region. Pinnacle offers a full range of products and services to support Advisors including rep managed discretionary accounts (fee-based), third-party advisory accounts, employer-sponsored retirement plans, financial planning, lending, and insurance in addition to traditional securities brokerage products (stocks, bonds, mutual funds, UITs).

As an employee-owned company, the Pinnacle management team is comprised of practicing Financial Advisors who understand the hard work you've put into building your brand. That's why we give you the option to keep your identity or share in our branding. We are happy to support your brand in the same way we'd be proud to have you share our name.

Since our inception, Pinnacle has repeatedly delivered on our commitment to be a supportive partner for our advisors. Whether you're moving from a small firm or a major wirehouse, our experienced and efficient transition team will ensure your business hits the ground running.
